Loses a Watch—Stenka Polinich, a Polish miner from Bingham, left that town Thursday night without his watch. He reported last night to Desk Sergeant Hagbart Anderson, at the local police station, that the time-piece had been stolen from him while he was staying at a rooming-house in Bingham. The watch, he said, was a "Hamilton" and the local officers have informed the Bingham authorities of Polinich's loss.

DR. Marsteller, Dentist, is now located in Col. Hudson Building, Suite 406-407; previously in Creston Hotel.

Closing Earlier—The W. H. Wright & Co.'s store will be closed tonight at 8 o'clock instead of 9:30 as heretofore. This arrangement, the management believes, will make it possible for most of the clerks to be kept at the store during the busiest time of the day, and by this means, the public will be better served. The new order will be continued until further notice.

The J. C. Nye Agency Co. has moved its office to the Colonel Hudson Building, room 217, which is also the office of the Davis and Weber Counties Canal Co.

Suit Commenced—To recover \$80, alleged to be due for a certain electric motor delivered to the defendant in 1911, the Fairbanks Morse company of Illinois has commenced suit in the district court against John T. Owens.

Teachers Meet—The regular meeting of the teachers of the city schools was held this morning at the high school. Owing to the absence of President Widstoe of the State Agricultural college, who was to have been the speaker, that general meeting was dispensed with. In the department a talk on "Arithmetic" was given by A. J. Pugh, representative of the D. C. Heath Text Book company.

the Superior Horseshod and Pickle company and Frank Stevens of the Sidney Stevens Implement company. There were nineteen representatives of Salt Lake manufacturing houses also present.

FINAL AWARDS IN THE
LOCAL POULTRY
SHOW

The Utah Poultry association cup for the highest implement score of cock, cockerel, hen, pullet and pen, was won by C. A. Ellsworth of Brigham City with a score of 567 7-16. This cup must be won twice to become the property of the winner.

The judges at the state show will be W. V. Browning of Ogden and John L. Waddell of Hardin, Mont., and the classes will be divided between them. The judging will be by comparison instead of by the score-card system which was used in the Ogden show.

The final awards in the annual show of the Utah Poultry association were made this morning by Judge John L. Waddell, of Hardin, Mont. In addition to those announced yesterday, the following awards were given:

OGDEN RIVER WILL BE
IN FLOOD WHEN
THAW COMES

According to reports from Huntsville and other higher altitudes, the water question for this season is pretty well settled, as there is a large deposit of snow in the mountains, packed harder than in a number of winters.

At Huntsville there is two feet of snow on the level and there has been sufficient rain to practically turn it into ice.

Mail Carrier William Smith says there will be flood water in Ogden river when the snow starts to melt. At present there is but little water in the river above the mouth.

Rains of the past few days have caused earth slides near the Sanitarium ruins. The car track at a point near the first bridge in the canyon is covered a number of feet deep with rock and earth and some of the slides reached the boulevard. Commissioner Skeen sent workmen to the scene today to remove the earth and place the road in good condition. Other small slides have occurred at various points in the canyon.

LIBERTY NOW HAS
A WATER SYSTEM

Liberty, Weber County, Jan. 23.—Joseph Southwick bought a house and lot in town and has improved the same by having city water piped in to his house. Mr. Southwick recently made a trip to Idaho, bringing back with him his family. The Southwick brothers are going to open a blacksmith shop in the near future.

The friends of Mr. and Mrs. W. H. Oram received word of the arrival of a baby girl at their home.

Since the water has been installed in most of the homes, considerable grief and worry has been overcome in winter. Liberty is the first of the surrounding towns to have a water system. The people are proud of the waterworks and have received many compliments.

The Weber county school board has purchased a share of water and is placing a fountain at the schoolhouse.

No new cases of smallpox have been reported and those sick are getting along nicely. All public gatherings have been prohibited for some time.

NEW PLAYERS COME
TO THE OGDEN
THEATER

The Arlington-Greenwell Stock company will leave tomorrow evening for Boise, Idaho, to fill a four weeks' engagement. The company will give its final performance of "Maud Muller," which has pleased large audiences during the week, tonight.

The company will be replaced at the Ogden theater by the Frank Rich Comic Opera company No. 1, for the next four weeks. The Frank Rich company has five companies playing in the northwest and the company which will open at the Ogden theater tomorrow night is said to be the best of the five. There are twenty people in the troupe and the opening production will be "The Girl from Panama."

The Burns' Anniversary.

The Scottish Cronies and Californians will celebrate the anniversary of Robert Burns in the Woodman hall, 2320 Washington avenue, on Tuesday, January 27th, at 8 p. m. Concert, banquet and dance. Tickets 50c each at door.

SOCIETY

PARCEL SHOWER.

Mrs. Arthur Rackham was hostess at her home, 2325 Jefferson avenue, at a prettily appointed party Wednesday afternoon in honor of Miss Marianna Stratford. Pleasant social diversions and the opening of parcels with the usual congratulatory remarks and forecasts of a bright future were happy features of the occasion. Many appropriate and beautiful gifts were offered the young bride-to-be. Silver, handpainted china, cut glass, beautifully embroidered linens and useful and fancy articles were the tokens of esteem of many friends.

WEBER COUNTY WILL
VOTE IN FAVOR OF
ANNEXATION

Chairman Moroni Skeen of the county board of commissioners says he is very much in favor of the proposed annexation of a strip of Davis county to Weber, if for no other reason than to give Weber county control of the highway leading from Riverside to Weber canyon, which is on the Lincoln highway from the ocean to ocean. The improvement of that piece of road, the commissioner says, would be one of Weber county's greatest assets in the good roads line.

It is Mr. Skeen's opinion that, when a vote is taken, Weber county will be decidedly in favor of the annexation, but it is questionable with him whether Davis county will approve of the plan. Those in Davis county immediately interested, no doubt will vote heavily in favor of it, but residents of other parts of the county may be opposed to losing that little strip of country, which now yields county revenues.

Speaking of road building Mr. Skeen is very optimistic, and he says that such headway has been made in this direction that Weber county is in the lead of all other counties in the state. There are now 35 miles of macadam roads in the county and, at the present rate of building, from ten to twelve miles will be added each year, not only on the main thoroughfares known as state and county roads, but over all the outlying farm districts.

At present a force of men and teams is at work macadamizing the Plain City road, which will be completed soon, when work on the Kanesville road will be taken up. After the completion of the Kanesville road, the North Ogden cutoff will be macadamized with a view to completing the entire job in April.

There are two gangs of road builders in the county and they will be continued on the cutoff. With this piece of road made, Commissioner Skeen says the county will have the best piece of cross-country road in the state. The only discouraging piece of road from Riverside to Hot Springs is along Washington avenue from the south city limits to Twenty-eighth street.

To keep the macadam in repair, the commission will next spring engage men with macadam carts, to which will be attached small water tanks, to patrol the roads and fill up broken places when they first appear. By this means it is expected that the roads will be kept in the very best of condition for all time at the least possible expense.
